

TRITTICO INSTALLATION DIAGRAM

Front view

Side view

(***): 30 mA (ABB series C) for MECHANICS machines
300 mA (ABB series K) for ELECTRONIC machines

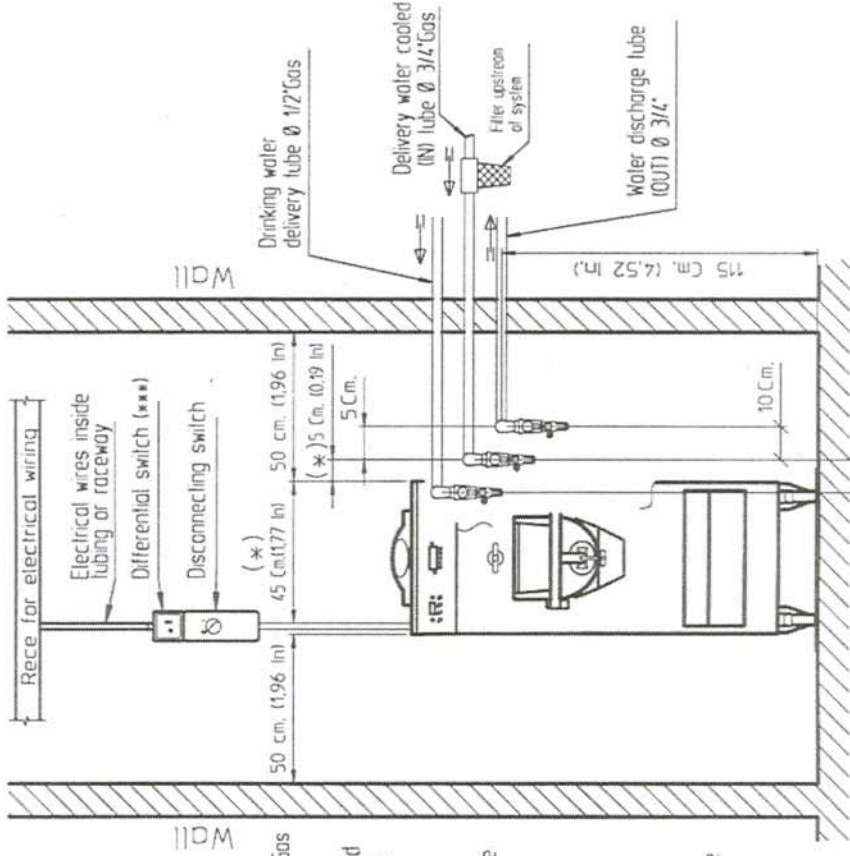

(**) The cock is higher for illustration requirements. In reality it must be placed side by side with the other.

(*) Even if the machine models vary, the water and electricity connection positions are always the same, i.e. on the LEFT side of the machine.
