

Trittico® Evo 305

Revolutionary made in Italy technology
for gelato, pastry and chocolate production
water cooled

Trittico® Executive Evo is the most complete pastry lab that thanks to its advanced features can make all your pastry fillings as well as temper chocolate and make pâte à choux. For chocolate it perfectly works as a discontinuous chocolate tempering machine with programs for dark, milk and white chocolate.

Trittico® Executive Evo is a fully equipped workshop to optimize production, standardize recipes and quality.

Technical features

- Ingredients can be added during each heating or freezing phase
- Double inverter for upper tank stirrer with 3 speeds and batch-freezer mixer with 8 speeds
- Sheet resistance heating system: very quick heating process, no thermal hysteresis, high temperature precision, product never burns
- Patented ionic® System control: it detects the right percentage of frozen water in the mixture in order to obtain the proper gelato/sorbet consistency and volume
- Thermal shock due to fast temperature decrease from 85°C to 4°C: it allows the highest sanitizing of the product and the highest hygiene of the mixture
- Software programmed with multiple recipes
- Special whisk to whip
- Chute for direct extraction

Advantages and strengths

- Very easy and convenient product loading
- Mixing speed can be changed either automatically or manually
- Fast washing operations
- Max hygiene
- Extremely easy to handle and clean
